**SPICES, NUT
& SWEETENERS**

We are Inajiva, your go-to source for premium Indonesian agricultural products. Established in 2022, we pride ourselves in offering a range of high-quality products including vanilla, organic coconut sugar, tamarind, cashew and multi-floral honey.

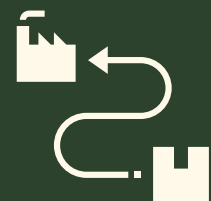

Partnering with small farmers cooperatives from across the Indonesian archipelago, we ensure that all our products meet export standards and few hold international certifications. At Inajiva, we believe in providing fair pricing for both farmers and customers through direct partnerships with farmer groups. Additionally, we are committed to supporting local communities and promoting sustainable practices in agriculture.

A photograph of several fresh tamarind pods (Ficus religiosa) resting on a large, vibrant green banana leaf. The pods are dark brown, elongated, and have a characteristic ribbed texture. They are arranged in a cluster, with some pods showing the lighter-colored seeds inside. The background is a rustic wooden surface, and the entire scene is framed by a white border. Green tamarind leaves are scattered around the banana leaf, adding to the natural aesthetic.
